Letter from CEO

Dear FOREFRONT Community,

Ten years ago, FOREFRONT began with a simple conviction. Every person, no matter where they are born, deserves clean water, good medical care, quality education, and the chance to shape their own future. We started in one rural community in India with more hope than resources and a deep belief that lasting change is built one village at a time.

As we mark our tenth year, I keep returning to that beginning with gratitude. What started as a one water well has grown into a movement carried by thousands of you. Together we have brought clean water to families who once walked miles and hours to find it. We have placed medical care within reach of people who had long gone without. We have filled classrooms with children who are now writing their own stories. And we have walked alongside communities as they have stepped into leadership and taken ownership of their own community's progress.

This is all done sustainably through local-to-local change. From our very first year, our work has been carried by our Changemakers, the local leaders who know their neighbors, their land, their culture, and their challenges better than we ever could. They are the heart of how FOREFRONT Charity works. We do not arrive with answers. We come to listen, to serve, and to cobuild something that belongs to the community long after we step back.

Our theme in our 10th year is "To All Parts of the World" and it is more than a phrase. It is a calling. The needs we set out to meet do not stop at a border and neither will we. This year we took our first steps into Kenya, guided by local leaders on the ground, beginning a wider chapter where the model we have built over a decade in India can take root in new soil and bear fruit in new places. It is humbling to imagine the families we have not yet met whose lives will be different because of what we choose to do together now.

I want to be honest about what this milestone means to me. Ten years is not a finish line. It is proof that hope, when it is shared, multiplies. Every water well, every medical workshop visit, every classroom, and every leader we have helped raise up is a reminder that love expressed through action changes the course of a life, a family, and a generation.

To our donors, our partners, our Changemakers, and our team, thank you. You have given much. You have given your trust and we steward it with much care. We are committed to being faithful stewards of every gift and every story you have entrusted to us.

The next decade is already quickly taking shape and our vision is clear. We will go further, serve deeper, and carry this mission to all parts of the world, one person and one community at a time.

With deep gratitude and great expectancy for the next decade,

Matthew Oh
CEO, FOREFRONT Charity

OUR MISSION

FOREFRONT CHARITY
PARTNERS WITH LOCAL
LEADERS TO PROVIDE
ESSENTIAL RESOURCES
TO UNREACHED
COMMUNITIES.

OUR VISION

WE ENVISION A
WORLD WHERE
EVERYONE PROPELS
THEIR COMMUNITIES
FORWARD, CREATING
A RIPPLE EFFECT OF
CHANGE.

CLEAN WATER

According to the UNICEF-WHO Joint Monitoring Programme (2024), more than 163 million people in India still lack safely managed drinking water services, and the World Bank (2025) reports that waterborne diseases remain responsible for over one-fifth of communicable illnesses nationwide. Despite national investments in water infrastructure, millions of families, particularly in rural regions, continue to live without reliable access to safe drinking water.

FOREFRONT Charity continues to focus its clean water efforts in Andhra Pradesh, a region where many rural communities still lack dependable access to safe drinking water. Our approach is rooted in partnership: working directly with local leaders to identify high-need areas and implement solutions that last.

Our impact

100+

Total water wells built as of 2025

79,000+

Total people with access to clean water

FOREFRONT's water program is driven by a simple belief: every person deserves access to safe, clean water. The progress made in 2025 reflects the dedication of local partners, donors, volunteers, and the communities themselves. As FOREFRONT continues to expand its reach, the organization remains committed to solutions that are sustainable and community-centered.

Clean water is not just a resource; it is the foundation for health, opportunity, and hope.

MEDICAL CARE

India continues to face a rising burden of non-communicable diseases, with diabetes emerging as one of the most urgent public health challenges. According to the International Diabetes Federation (IDF) Diabetes Atlas 2024, India is home to 101 million adults living with diabetes, and an additional 136 million adults with prediabetes. Over 47% of adults with diabetes remain undiagnosed, placing millions at risk of complications such as kidney disease, vision loss, and cardiovascular illness.

Launched in 2020, FOREFRONT Charity's Diabetes Awareness Program equips communities with essential knowledge about diabetes prevention, early warning signs, and lifestyle management. The program is led by local Changemakers, trained community leaders who deliver culturally relevant health education in remote villages.

Our impact

1,600+

Total people reached through
diabetes intervention

35+

Total villages reached across our
medical initiatives

A major milestone in 2025 was FOREFRONT's new partnership with a local Dental College, expanding the scope of care offered to rural communities. This collaboration enabled FOREFRONT to host three comprehensive medical camps that provided:

- Dental check-ups
- Vision screenings
- General medical examinations and referrals for follow-up care

Across these three camps, more than 350 individuals received direct medical services. The partnership not only broadened FOREFRONT's medical reach but also strengthened ties with local healthcare institutions committed to community well-being.

FOREFRONT Charity's medical vision is rooted in a simple but powerful belief: every person deserves access to essential healthcare, preventive education, and the knowledge to make informed decisions about their well-being. In communities where medical services are limited or inaccessible, FOREFRONT aims to bridge the gap by delivering care that is community-centered, culturally responsive, and grounded in long-term sustainability.

EDUCATION

Despite national progress, access to high-quality education remains uneven across India, particularly in rural regions like Kolluru. According to UNESCO's 2024-2025 education data, India's lower-secondary school attendance rate stands at 67%, while rural districts continue to lag significantly behind. Local surveys in Andhra Pradesh indicate that attendance in some rural pockets falls below 40%, mirroring the challenges faced in Kolluru.

FOREFRONT School has become a cornerstone of educational opportunity in Kolluru, offering a rigorous academic program designed to break cycles of generational illiteracy. With 25% of students being first-generation learners, the school provides a pathway that many families never imagined possible.

(Pre-kindergarten – 7th grade)

FOREFRONT SCHOOL HIGHLIGHTS

FOREFRONT School continues to provide quality education through:

- A strong STEM-focused curriculum
- Extracurricular enrichment in arts, sports, and leadership
- Parent engagement events that build trust and collaboration
- A learning environment rooted in empathy, excellence, and innovation

Through subsidized tuition and targeted outreach, FOREFRONT has prioritized girls' education, achieving a gender distribution of 48% girls and 52% boys, a remarkable milestone in a region where girls often face systemic barriers to schooling.

In response to rising demand and the need to sustain academic momentum, FOREFRONT has launched an ambitious expansion into secondary education.

2025 EXPASION HIGHLIGHTS

- Construction of a third floor to provide further education to grades 7-10
- Launch of the first 7th-grade class, a historic milestone for the school
- New science labs under development

This expansion marks a turning point for Kolluru. For the first time, students can continue their education beyond primary school without leaving their village, reducing dropout rates and opening pathways to higher education.

FOREFRONT Charity's education vision is grounded in a core belief: every child, regardless of gender, income, or background, deserves access to quality education that nurtures curiosity, confidence, and opportunity. FOREFRONT's dedicated teachers and teaching assistants continue to deliver high-impact instruction grounded in compassion and innovation. Their work ensures that every student receives the support needed to thrive academically and personally.

EMPOWERMENT

Sustainable change continues to be driven by passionate and empowered individuals making a meaningful impact in their communities. In 2025, we deepened our Empowerment efforts in India, where persistent challenges (such as limited access to education, gender inequality, and economic instability) continue to hinder progress. In response, our local and US teams identified key areas for improvement across several initiatives, including the diabetes workshops.

One notable enhancement was the introduction of one-on-one consultations with a nurse at the conclusion of each workshop, allowing participants to discuss additional health concerns. To further support community health, basic over-the-counter medications were made available and prescribed by attending medical professionals, addressing common issues such as gastrointestinal discomfort.

Looking Forward

Introducing FOREFRONT Kenya

Over ten years, FOREFRONT has grown. Not just in what we do, but in who we are.

Now, it's time to invest in a ripple effect that reaches further. We don't just dream of change in one place. We are ready to go global. And now, we are proud to introduce the next chapter of FOREFRONT Kenya.

Kenya is often referred to as the "gateway to East Africa." With over 50 million people and more than 40 ethnic groups, it is one of the most diverse nations on the continent. Many communities still remain underdeveloped and unreachable.

This past June, our team went on a Vision Trip to assess the needs firsthand, and what we saw was undeniable. We visited over ten villages, and the message was the same: *communities urgently need clean water, medical care, and access to education.*

In the face of overwhelming need, FOREFRONT has a powerful opportunity to transform lives and leave a lasting impact.

And we have the right leadership to make it happen. Our new **Director of Kenya, Sam**, is personable, organized and deeply connected with local tribes. He has a compassionate heart for his people, and we're thrilled to empower him to lead FOREFRONT's work in Kenya, ensuring that our approach is locally grounded, sustainable, and life-changing.

"My name is Sam Maingi, and I come from Nairobi, Kenya. For the last 14 years, I have served across my country, among remote villages, bustling urban centers, and nomadic tribes. I have witnessed both the challenges and the remarkable opportunities that make Kenya uniquely strategic in global development today."

FOREFRONT stands apart from many NGOs I have seen in Kenya that only give handouts, which only creates dependency. FOREFRONT equips, empowers, and sustains, which amplifies impact and ensures the fruit remains."

Our first step in Kenya is building a water well: bringing communities clean, safe water. But this isn't just about water. It's the foundation for health care, education, and empowerment. When children are healthy and families have reliable water, a ripple effect begins: opening the door to better schools, stronger health, and local leaders who can carry lasting change.

In 2026, our goal is to build a water well project in Kenya, giving communities clean, safe water and laying the foundation for lasting change.

We step forward with courage, willing to go where others will not, because we believe every person deserves the chance to thrive. And we know this journey is not ours alone.

Together, united in purpose and action, we will make it possible.

OUR SUPPORTERS AND TEAM

TEAM UPDATES

As FOREFRONT Charity celebrated its 10th anniversary, we also reached an exciting milestone in our growth. This year, we welcomed our first full-time paid staff members, marking a significant step forward for the organization. For the past decade, FOREFRONT's impact has been driven by passionate volunteers. As we continue to grow, investing in dedicated leadership positions us to expand our reach, strengthen our operations, and take our mission to the next level.

We were excited to welcome a Chief of Staff and our Director of Development. Both have brought fresh perspective, expertise, and commitment to our mission, making meaningful contributions across the organization in their first year. As we build on this foundation, we are better positioned to scale strategically, deepen our impact, and continue empowering communities around the world.

OUR INDIA TEAM

Across the globe, our team in India grew to 38 dedicated members this year. In June 2025, our U.S. team traveled to India to join them for our in-person team gathering at our school which was a meaningful time of connection, reflection, and celebration of our shared mission. Together, we strengthened relationships, deepened engagement, and revisited the “why” that fuels our work. No matter where we are, whether in the U.S. or India, our commitment remains the same: to serve communities with care and to impact lives across India. The people we walk alongside there continue to be both our priority and our inspiration as we expand our work abroad.

DEVELOPMENT

EVENTS

LEGACY DONOR DINNER

We hosted our very first Legacy Donor Dinner, bringing together a community of supporters committed to sustaining our mission through multi-year investments. During the evening, we welcomed 40 distinguished guests and announced a major milestone: FOREFRONT Charity is expanding to Kenya. Together, we celebrated the past while launching the next chapter of our journey: To All Parts of the World.

TCS NEW YORK CITY MARATHON

Returning to the TCS New York City Marathon was nothing short of electric. This year, FOREFRONT Charity proudly fielded a team of five incredible runners. Through their dedication and heart, our team raised an impressive \$17,079, each mile a testament to their commitment to our mission.

10TH ANNUAL GALA

Ten years ago, FOREFRONT Charity began with a simple but bold vision: to stand at the forefront of change, bring hope, resources, and opportunities to the communities we serve. What started with just a handful of passionate people has grown into a movement that has touched thousands of lives. So, as we look back at the last decade, we do so with gratitude and forward with excitement.

FOREFRONT Charity's 10th Annual Gala was held at the Lincoln Center's Stanley H. Kaplan Penthouse with 2025's theme: **To All Parts of the World**. The sold-out event, with keynote speaker Anucha Browne, welcomed 120 guests and was a time to celebrate not just what FOREFRONT has achieved, but what we've accomplished together. Together, we raised \$131,035: the highest amount ever raised in our gala's history.

Thank you to all of our sponsors and supporters who continue to partner with us on our mission.

2015-2025 revenue

FINANCIAL OVERVIEW

FOREFRONT Charity had a landmark year financially in 2025, crossing the half-million-dollar mark in total revenue for the first time in our history. This milestone is a testament to the growing generosity and trust of our donor community, and we are deeply grateful for every contribution that made it possible.

“Forefront reminds us that the solution to fear is generosity. Forefront has shown there is value in consistency. Forefront has shown us the importance of caring for others and looking at the world with empathy and compassion. They are legitimately impacting the world through long lasting, holistic, and sustainable change. Forefront has been making donating easier and easier every year. We see the work being done, the lives being changed, and the effort the Forefront team exerts and we know this charity is worth investing in.”

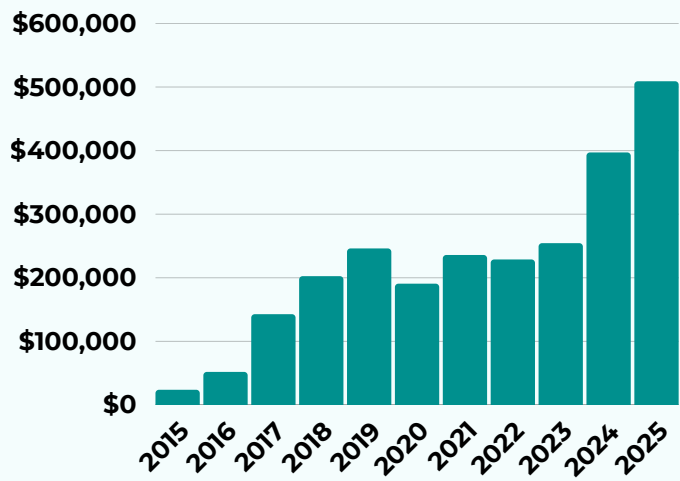

- Chris K (Dream Building Honoree)

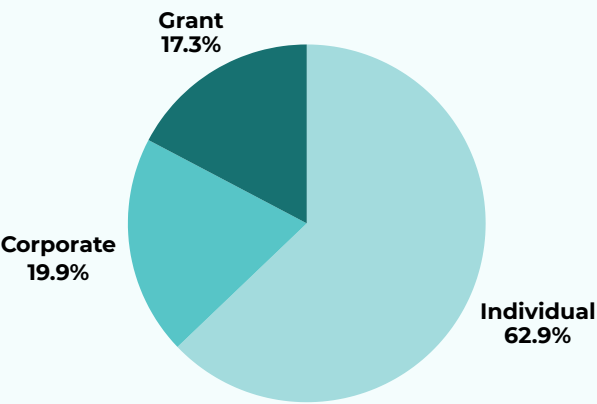

ANNUAL REVENUE

In 2025, FOREFRONT Charity received \$509,062 in total revenue, our highest ever and a 28% increase over 2024. This was driven by a remarkable 52% increase in direct donations, rising from \$277,101 in 2024 to \$421,062 in 2025. The most striking growth came from our individual donors, whose contributions nearly doubled, up 81% from \$177,311 to \$320,019. Corporate contributions held steady at \$101,043. Grant funding came in at \$88,000, a reflection of our intentional shift toward deepening individual donor relationships and reducing dependence on any single revenue stream. We are grateful to each donor, corporate partner, and grant-making organization whose investment in our mission powered this record year.

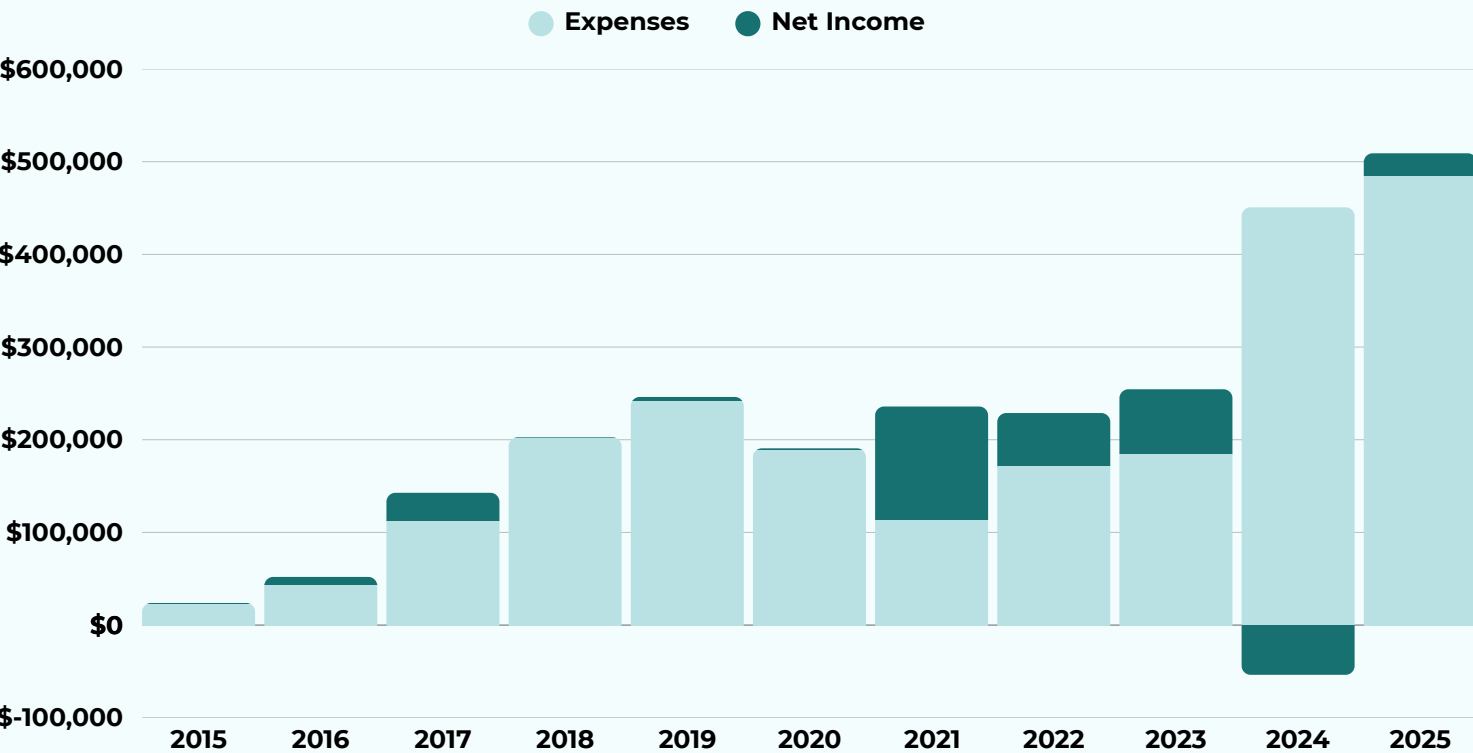

Revenue Over Time

Revenue Source Breakdown

Expense and Net Income Over Time

ANNUAL EXPENDITURE

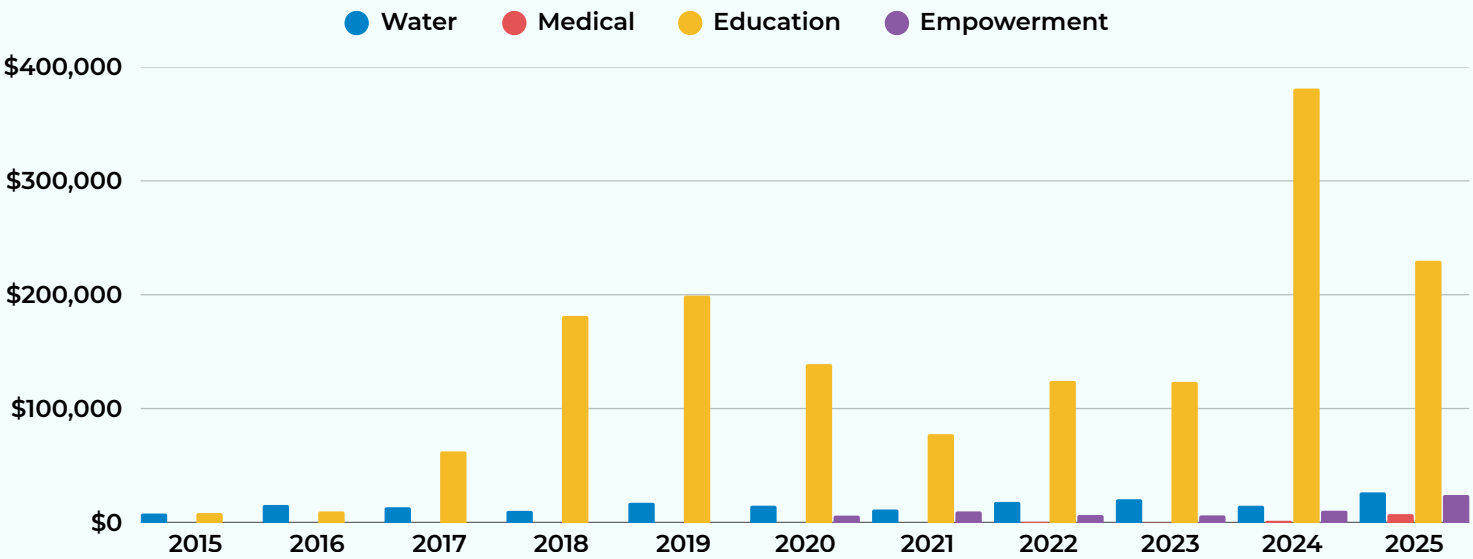

Our total expenditures in 2025 were \$484,995, a modest 8% increase over 2024, resulting in a net surplus of \$24,529, a meaningful turnaround from the (\$38,694) deficit we absorbed in 2024. That prior-year deficit was the planned cost of completing our school building expansion. In 2025, with that construction largely behind us, our financial position recovered and strengthened. The \$63,000 positive swing in net revenue year-over-year reflects both disciplined spending and the generosity of donors who rallied behind our 10th anniversary.

PROGRAM INVESTMENT

Of our total expenditures, \$287,591 (59%) was invested directly into our four program pillars with investments into Kenya folding into the Empowerment pillar. While this figure is lower than 2024's program spending, that comparison is shaped by the prior year's \$292,946 school construction investment. Excluding that capital project, our ongoing program investment grew meaningfully across every pillar:
